Replace Cassette and CD Recorders

Remote Management Features Included

Digital Video Recording Option

Record Investigations and Training

Interview Recorder 9 efficiently and reliably records routine government processes. Combines digital clarity with remote archive management.

- Administrative Review
- Police Investigations
- Training Procedures

Investigations

Interview Recorder 9 is ideal for documenting administrative interviews and police investigations. Simple operation ensures interviews are recorded reliably every time. Recordings are automatically digitally signed, proving authenticity and chain of custody.

Training

Interview Recorder 9 captures training sessions for complex and high value procedures. Synchronized audio, video, and notes make review faster, easier, and more accurate.

Interview Recorder 9 Software

Record on your Windows computer, for clear digital sound and video.

Video Recording Option

Video option captures digital video that synchronizes with the audio. Video Recording Kit includes either a desktop video camera or a video encoder for recording an existing video feed.

Microphone Options

Record from one channel or as many as 12 individual microphone channels. Custom microphone configurations available for any type of recording environment.

Digital Recording in 3 Steps

1. Install SoniClear software
2. Plug in microphone and camera
3. Click the Record button

Interview Recorder 9 Key Features
