Ordering Information

Prices

Listed prices are in US Dollars, payable by check (drawn on a US Bank) or by credit card (Visa, MasterCard, or American Express). Net 30 payment terms available for government purchase orders in the United States. A copy of the official purchase order must be provided to complete the order. All other purchase orders accepted only on approval of credit. Minimum order amount of \$295 for all software product and support renewals. All prices and specifications subject to change without notice.

Shipping Charges

UPS Ground shipping in the Continental USA is included for all software products and the USB Foot Pedal. Request a price quote for expedited shipping, orders sent outside the Continental USA, and all other products.

Software Licensing Information

All SoniClear software products include the software on CD and one or more USB Keys containing one or more "Floating Licenses". The Floating License System allows the software to be installed on multiple computers. Authorization to run the software is provided by the USB Key. The number of licenses stored on the USB Key, and the number of keys supplied, is indicated in the description of each product.

The user can run the program by inserting the USB Key into any computer where the software is installed. Alternatively, the license can be locked to a specific computer so that the USB Key does not need to be present. In either case, only a single copy of the software can be run at any given time for each Floating License.

Introductory Training

The Introductory Training course is provided by teleconference with web-based visual presentation. This package includes a single one-hour session for an unlimited number of participants.

Basic Support Service

Basic Support Service is included in the purchase price. This provides one year of technical support by email, free software updates available online, and four basic support calls per year. After the first year, the Basic Support Service can be renewed for 25% of the original purchase price (minimum order amount is \$295).

Unlimited Support Service

Unlimited Support Service can be purchased at any time. It includes one year of unlimited software technical support by telephone and web teleconference, or by email. One Introductory Training session is provided per year. All software updates released during the term of the support service are provided. Price of Unlimited Support Service is \$1,000 during first year, or \$1,000 plus 25% of the original license purchase price when ordered in subsequent years.

Hardware Support Service

Hardware support for Recording Solution and Complete System products is limited to the manufacturers warranty for each component. Additional support services can be provided by third-party hardware support organizations, depending on the type of equipment and desired level of support. Contact Trio Systems for more information and a price quote.
